

*Honor and Dignity*

INTERFAITH WORKS

# DAY OF REMEMBRANCE

Each year in Thurston County, there are persons who die and whose remains go unclaimed. Interfaith Works creates space to honor these lives through an Interfaith Day of Remembrance.

This annual recognition is a time to honor life and bring dignity to those who have died without family support.

We also recognize the lives of those persons who have died by suicide in the past year and persons who have died while experiencing homelessness.
